He is a senior OSC from Region 6. He was working on the ITC response and this request came in from his cell phone after the response. Probably just trying to keep his response information updated. He is a supporter of the program.

Gary,

Apologize for not getting back sooner. Lots going on with my return to the Region. Ahmed will be the point of contact for ASPECT for now. He can get the contractor to respond to your request.

Hey Tim,

Please send me a copy of the library of chemicals and radioisotopes that can be detected by ASPECT .

Thanks
Gary Moore
